**KEVIN KERWIN – CRADC – CLINICAL SUPERVISOR CONSULTANT**

**JANICE ALDRIDGE – LCSW – SERVICES AS NEEDED**

## **B. Drug Court Purpose**

Substance abuse is entangled in so many of the bad choices that people make. A high percentage of all adults arrested test positive for illicit drugs. It is important for all of us to remember that each drug court represents the combined efforts of justice and treatment professionals to actively intervene and break the cycle of substance abuse, addiction, crime, delinquency, and child maltreatment.

In this blending of justice, treatment, and social service systems, the drug court participant undergoes an intensive regimen of substance abuse treatment, case management, drug testing, supervision and monitoring, and immediate sanctions and incentives while reporting to regularly scheduled status hearings before a judge with expertise in the drug court model. When everything is working right, and everyone brings their best to the process, a drug court can also increase the probability of participants' success by providing supplementary client focused services such as mental health treatment, trauma and family therapy, and job skills training.

Addiction Awareness, LLC is well poised to continue to fulfill the purpose of drug court through the provision of high quality services fulfilling not only the contractual requirements but also the spirit as well. During Ms. Doyle's tenure as department director at Family Guidance, her department adhered to all contractual guidelines, including requirements regarding numbers participating in each group. In addition, quality of the services provided was monitored and observed regularly, as well as quality programming was implemented on a daily basis, such as corrective thinking. This program has stayed true to corrective thinking, because utilizing this programming, along with the 12 step approach has always been effective in helping clients in their quest for sobriety. In addition, the program has implemented many new curriculums that were recommended by SAMSHA, which include but are not limited to: Moral Reconation Therapy, Anger Management, Brief Counseling for Marijuana Dependence, Motivational Interviewing, Matrix Model, Dialectical Behavioral Therapy, and Brief Strength-Based Case Management for Substance Abuse.

All of these programs can be found on <http://www.nrepp.samhsa.gov/>.

While having a drug court contract the last five years, Addiction Awareness has maintained consistent staffing throughout. This program has been successful at initiating a drug court orientation program for both programs in St. Joseph, enlisting the help of drug court graduates to volunteer thier time to provide essential information and guidance in orientation, as well as speaking to current clients about their story and issues that impede their recovery. This orientation has been beneficial in assisting clients with starting out their drug court experience in a positive manner. Addiction Awareness continues to expand services and resources to continue to improve the program. Staff has been in constant attendance of all drug court staffing and maintains consistent contact with probation officers. Addiction Awareness staff also has called meetings to address needs of the drug court contract. This communication has been noted from supervisors and will be able to continue during a new contract.

In 2012, Addiction Awareness was awarded a Serious Repeat Offenders Contract, which was renewed again in 2013, and has diverted DWI Court participant funding needs through this funding source through the Missouri Substance Abuse Traffic Offenders Program. The cover sheet to this contract is enclosed to verify participation. We have served over 40 participants through this contract for the DWI Court program.
