Key Assumptions for Pricing Above

- The fees presented are based on Norchem’s understanding of the OCSA’s requirements and certain assumptions regarding the volume of specimens, shipping frequency, etc. Actual fees for individual agencies may be different.
- Fees include shipping but assume a minimum of 8 specimens per shipping container. A shipping surcharge may apply for shipments containing fewer than eight (8) specimens.
- Any of the following drugs can be selected for the 5 – 10 drug panels:
 - Alcohol (Ethanol test)
 - Amphetamine/Methamphetamine
 - Barbiturates
 - Benzodiazepines
 - Cocaine
 - THC
 - Opiates
 - Oxycodone
 - Methadone
 - PCP
 - Propoxyphene
- Fees include all collection supplies and shipping materials.
- Fees assume each agency/department will be responsible for conducting the collection of specimens.
- Norchem can provide these services in any Missouri county.
- Pricing for Electronic Alcohol Monitoring not provided as Norchem does not provide this product/service.
- Pricing related to onsite testing devices (cups and dips) does not include shipping. Shipping costs will added at the time of shipment. Additionally, shipping of product could take up to 4 weeks from order to delivery.
- Additional options are available for onsite devices, depending on the needs and cutoff requirements of the individual agencies.
