WE NEED TO HEAR FROM YOU!

Have you ever appeared in court on a civil domestic, landlord tenant, personal injury, breach of contract or small claims action as a Plaintiff, Defendant, Witness or Juror? Have you sought or do you need to seek access to the civil court system to resolve a civil dispute?

NO legal advice will be provided. IF you have specific questions about your personal legal issues please contact a licensed attorney.

We will not engage in any discussion regarding current cases before the court. All are welcome to share their concerns about civil justice with the goal of increased racial and ethnic fairness.
