March 23, 2020

In an effort to further prevent the spread of the Corona virus within our communities the Juvenile Office has revised our temporary operating/office policy which was previously implemented on March 12, 2020. Effective immediately, the Juvenile Offices located in the New Madrid and Pemiscot County Courthouses will be closed to the public and all Juvenile Officers will be working from home or other remote locations. **Should you have an emergency that requires immediate contact with a Juvenile Officer, please call 911.** Should you require nonemergency services with the Juvenile Office, you may contact your local law enforcement agency and they will be able to pass any messages along to us.

Please practice the recommended social distancing procedures and good basic health and hygiene and most importantly, try to remain calm during this time.

Diedra Ashley
Chief Juvenile Officer
